

50501 Network Weekly Protest List

This map is populated by 50501 volunteers and is far from complete. An event can be added to this as long as it is led, endorsed, or supported by 50501 or a self-described friend of 50501, as long as there isn't a reason to suspect that said event contradicts 50501's stated values (pro-democracy, anti-fascism, non-violence, inclusivity, etcetera).
